Login

- To use the app, the user must have an account.
- The Login page has a button to forgotten passwords.

Sign Up

To create an account needs to input the following information:

- A username, which will be used as a nickname in the chat and to schedule mentor sessions with the mentee.
- An email.
- A password in two fields to confirm it is the correct password and avoid errors when trying to log in.
- A Language button to choose the preferred language.
- A Next button to input additional information.

- Role options: Mentor or mentee.
- Terms and Conditions button to allow the user to use the app. When clicking the Terms and Conditions button, a page with the terms will be shown for the user to read and agree to.
- There is a third role in the app as an admin, with privileges within the app, such as viewing the conversations of a specific user in the chat. This role will be created by the app administrator.

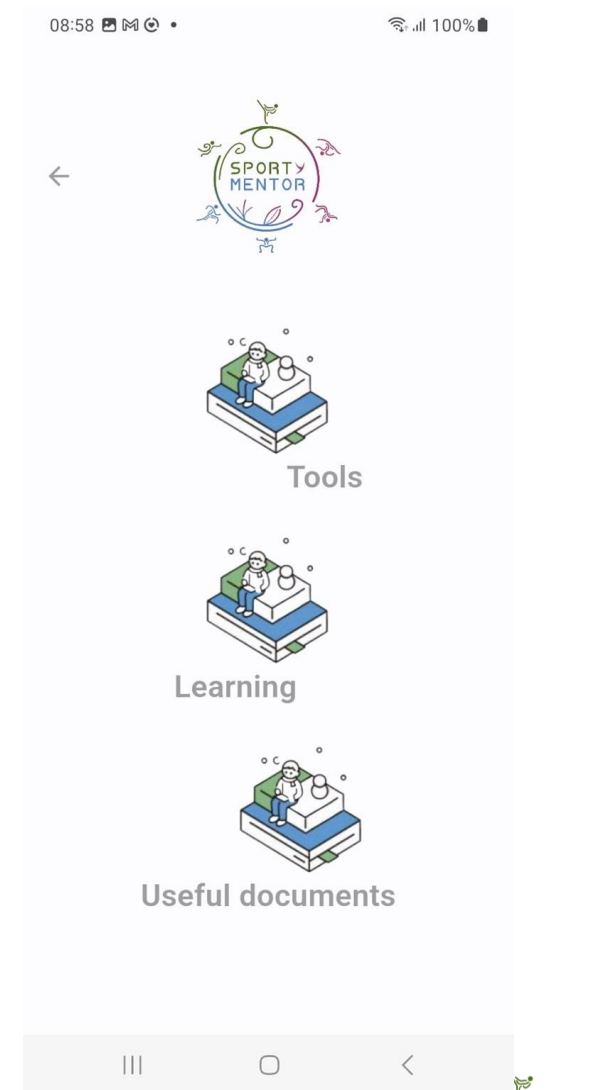

Resources

Resources

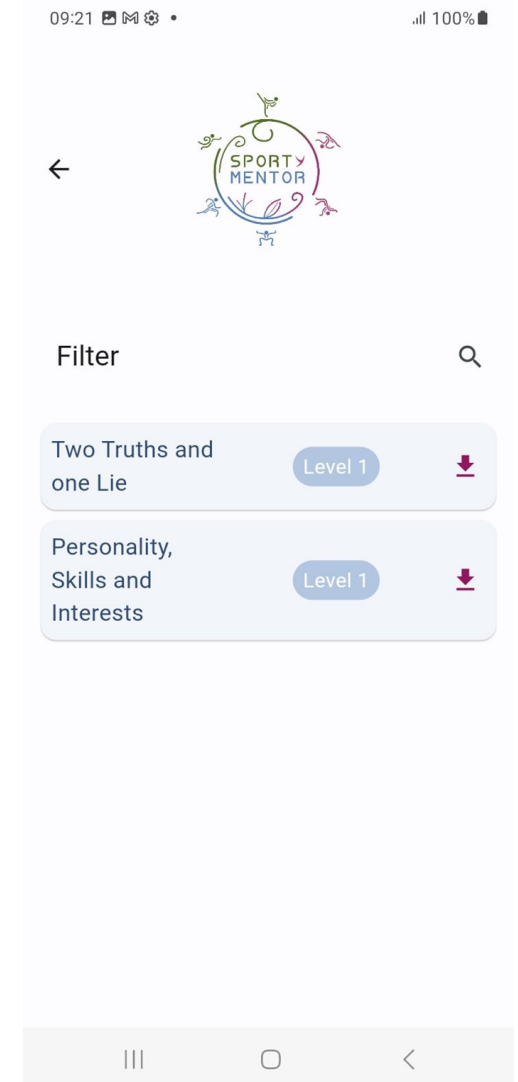

Resources such as tools, learning and useful documents for the physical, mental, and social development of the mentees.

- Different options on the resources page to easily find the desired resources.

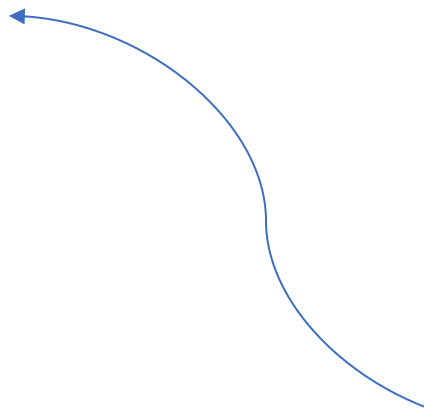

Resources

- Resources can be accessed by clicking the entire button.
- By clicking on the download icon, they can be downloaded to the mobile device for subsequent review/filling.
- Filtering by tool/learning file name is also available.

Sessions

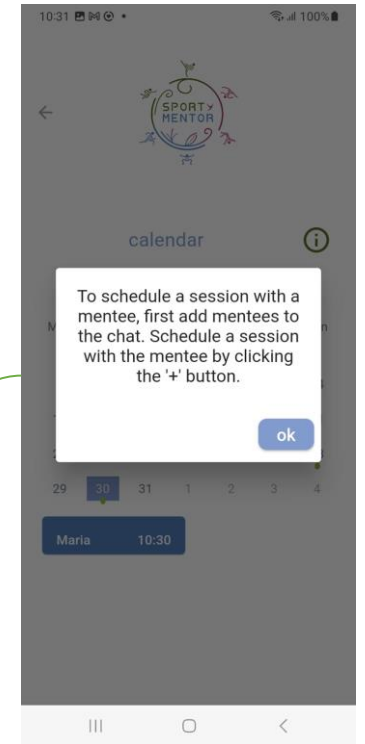

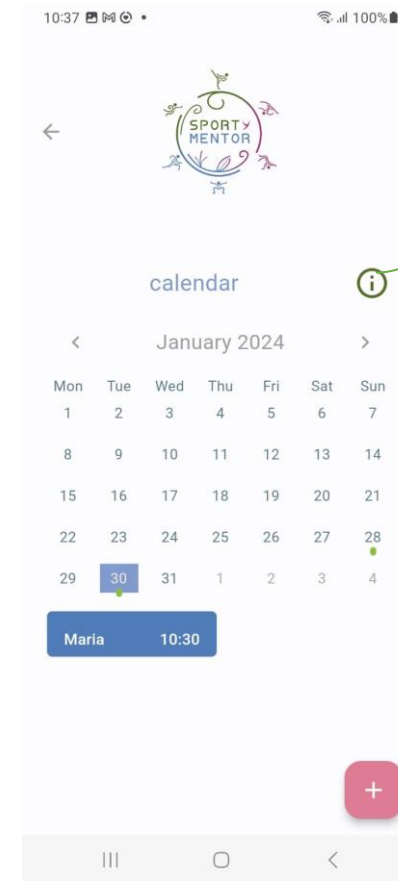

Sessions - Calendar

Calendar displaying scheduled sessions between mentors and mentees.

Mentor screen:

- Only mentors have the permission to schedule and edit and cancel sessions with mentees.
- Use the 'i' button to view information on how to schedule a session.

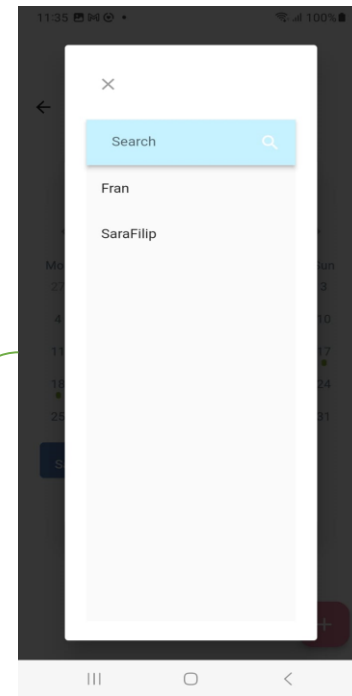

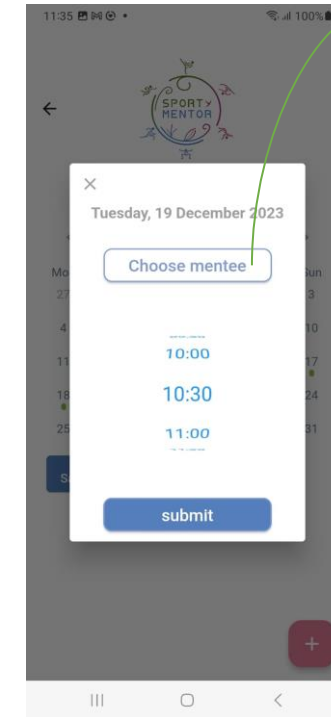

Sessions - Calendar

Mentor

➤ To schedule a session:

- Use the "+" button;
- A window is shown to select the mentee, enter a title for the session (if the mentor wants) and choose the session time.
- To select a mentee use the "Choose mentee" button. A list of mentees will be displayed. To find a specific mentee use the search field.

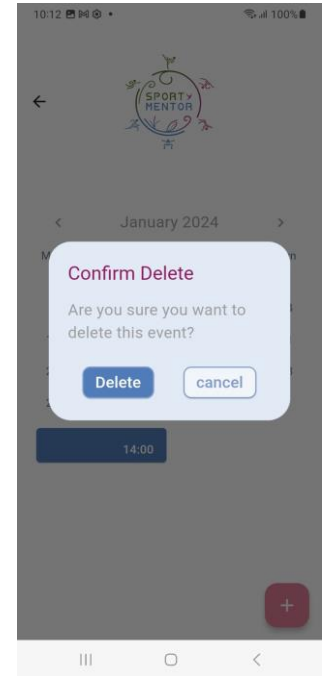

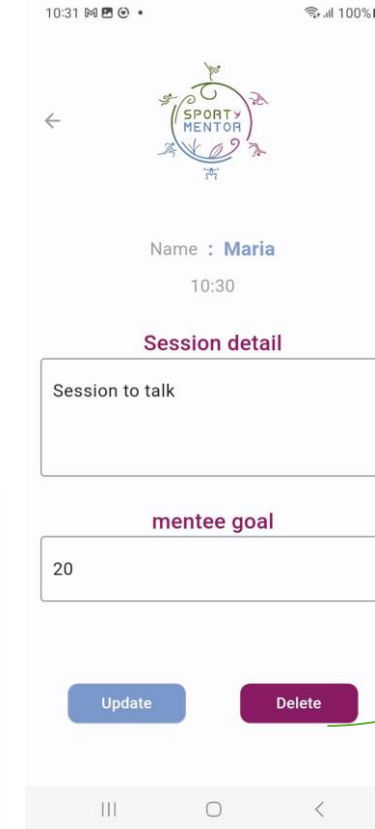

Sessions - Calendar

Mentor

➤ Session Details:

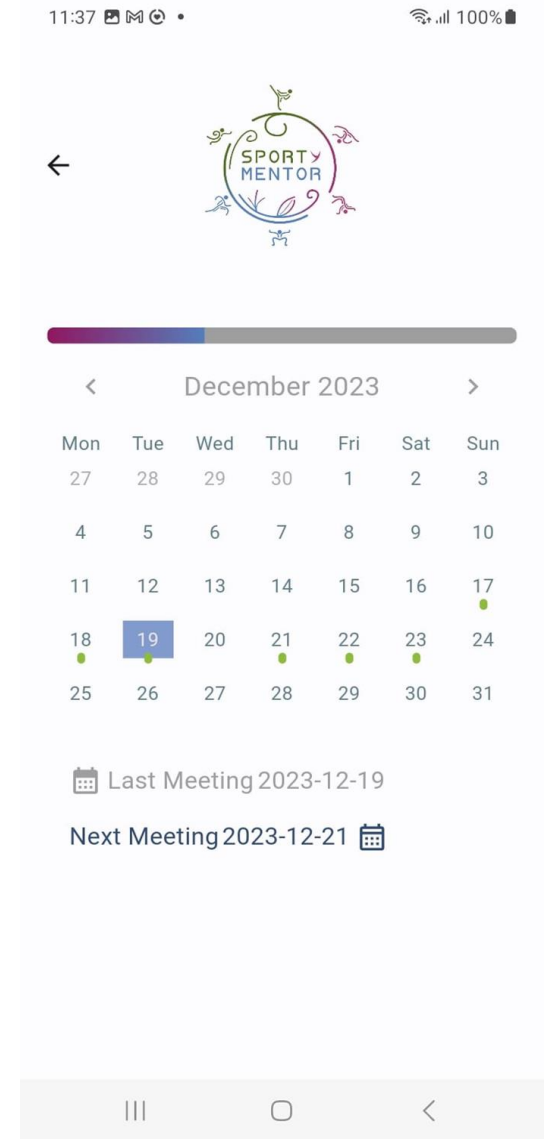

- By clicking on the scheduled session a new window is show and the mentor can edit session details or delete the session.
- The session details includes information about the content of the session and the goal of sessions to be held with each mentee.

Sessions - Calendar

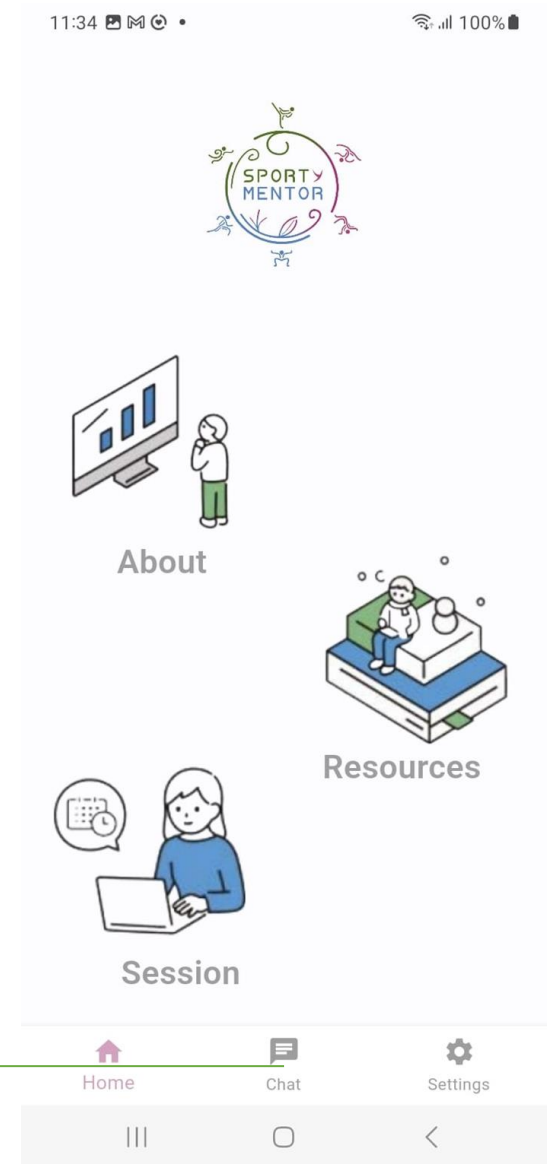

Mentee screen:

- Views all scheduled sessions on the calendar.
- View date of the last session.
- View date of the next session.
- Display of a progress bar at the top of the calendar.
- Progress bar grows as sessions are completed based on the previously defined goal.

Chat

Chat

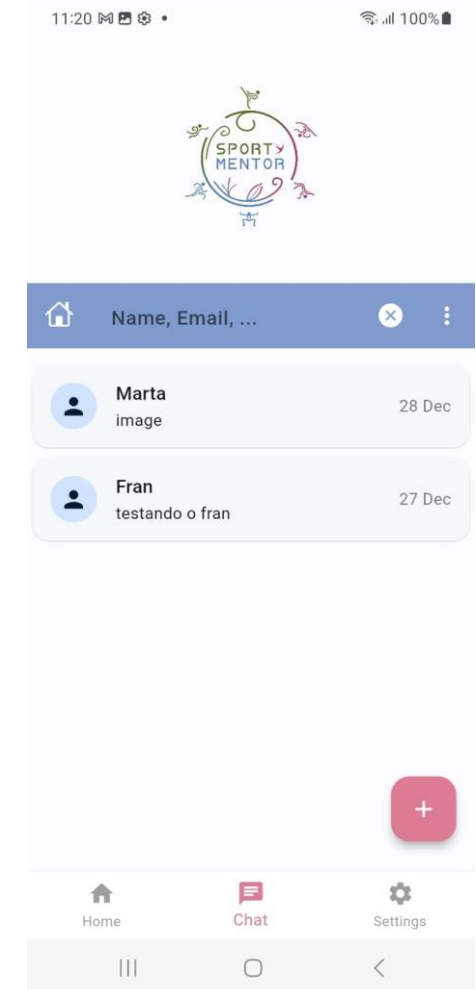

Chat

Chat available between mentor and mentee. Allows the mentor to engage with the mentee.

Chat Home:

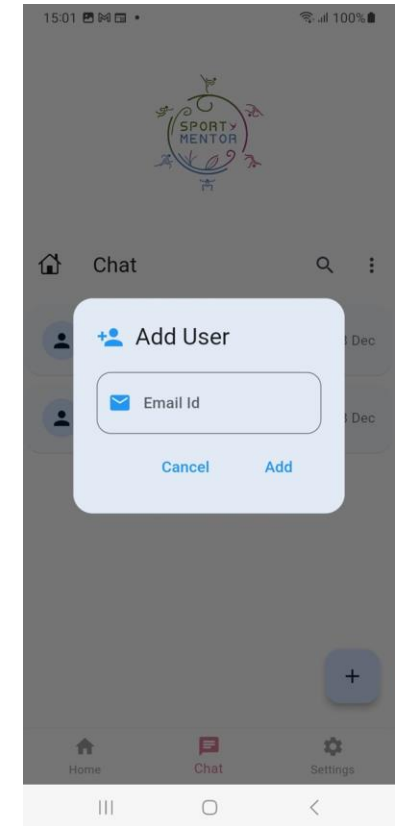

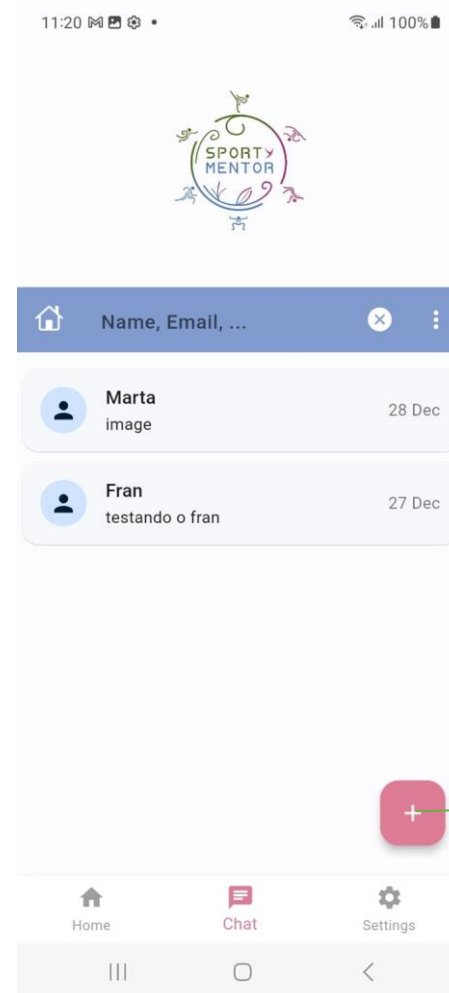

- List of “my” users for chatting.
- Search button to find a specific user.
- Right button on the bar to edit the user profile.

Chat

Mentor's features:

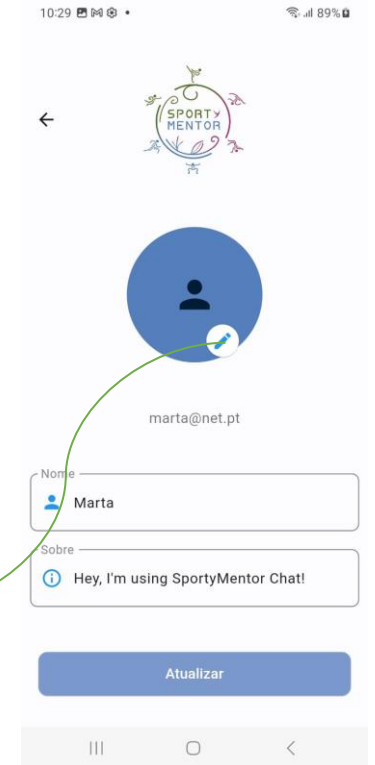

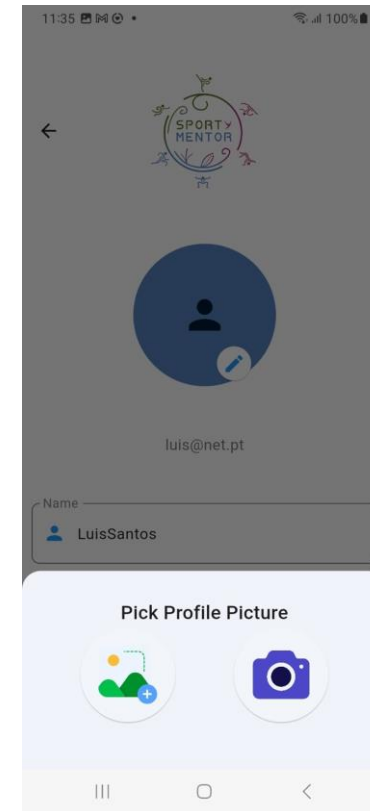

- Button to add a user to the chat:
 - Only shows in mentor page.
 - In the chat, to provide security to the mentees, only the mentor can add a user to the chat. The mentor must have the email to add the mentee, and the mentee must have an account in the app.

Chat

Edit the user profile.

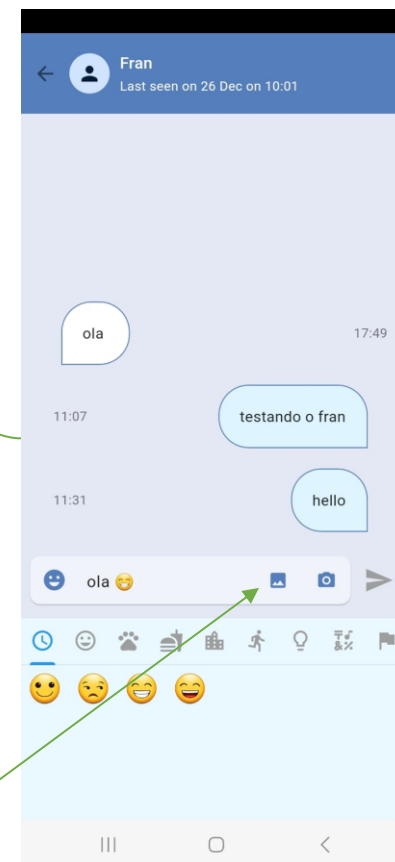

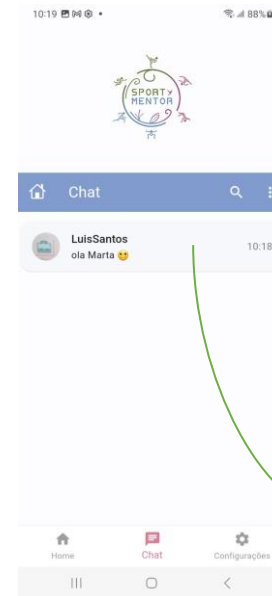

- Change the profile image by taking a picture or selecting a photo from the gallery.
- Change the username for chat and sessions.
This username must never be the same as an existing one.
- Update the status phrase.

Chat

Chat

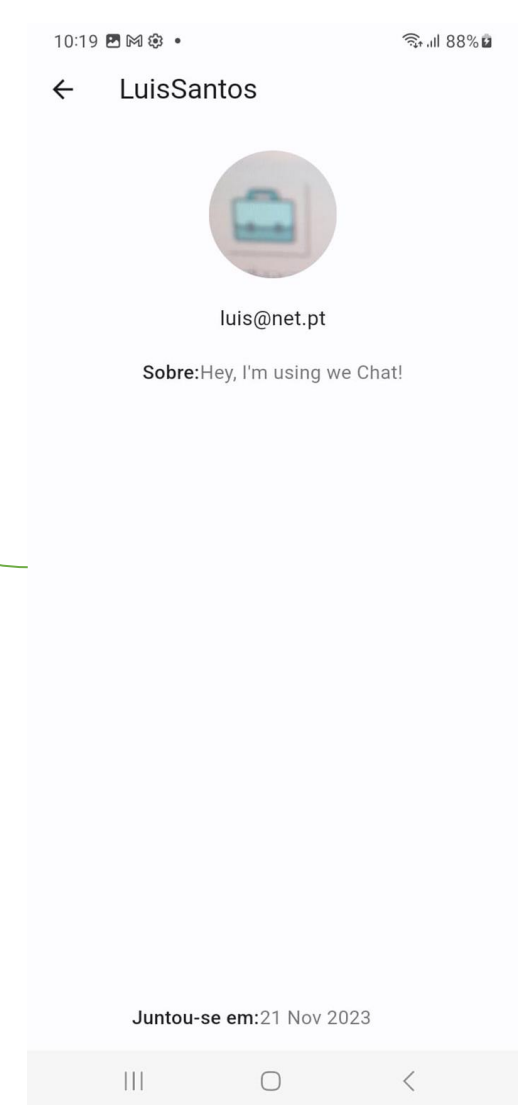

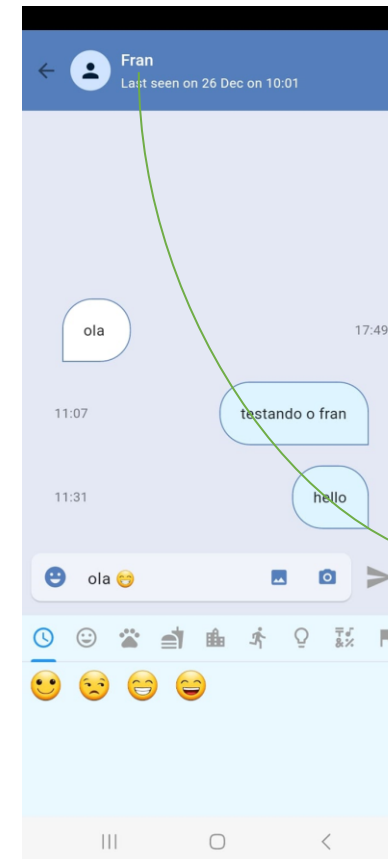

- To start the conversation, simply click on the user's name.
- Previous conversations will be displayed.
- The message sender and receiver balloons have different colors.
- The use of emojis is available to make the conversation more enjoyable.
- Option to send images from the gallery, allowing the mentee to take a screenshot of a resource and share it with the mentor.

Chat

Chat

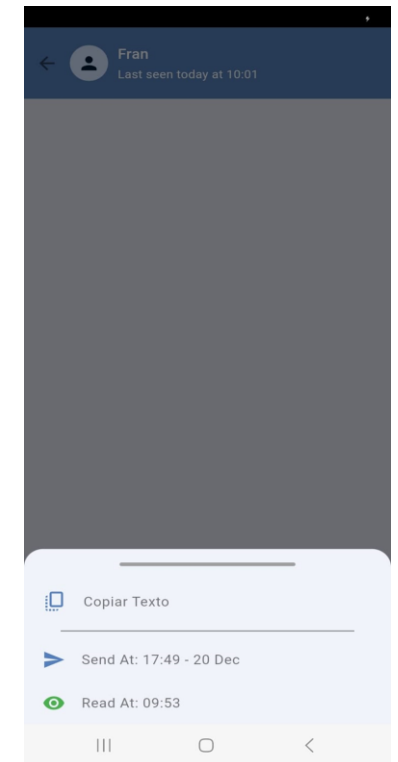

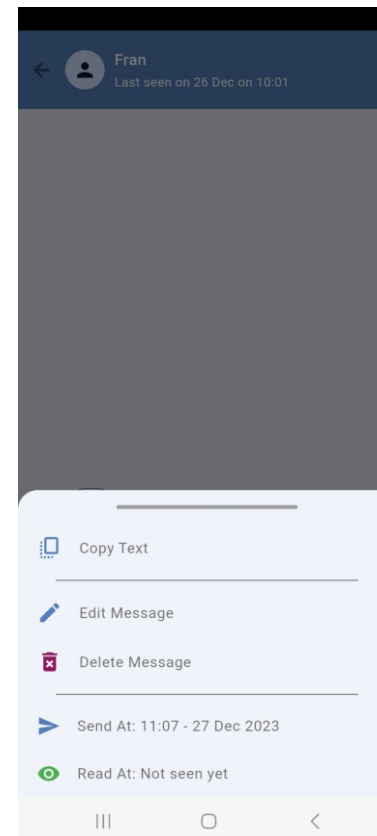

- By clicking on the user's profile picture with whom you are conversing, you can check their details, including an enlarged image, their email, the status phrase, and the date they joined the chat.

Chat

When a message is pressed, it's possible to perform some actions:

- For received and sent messages:
 - copy text or save image,
 - view the date and time of sending,
 - see the date the message was read.
- For sent messages:
 - edit the message
 - delete the message.

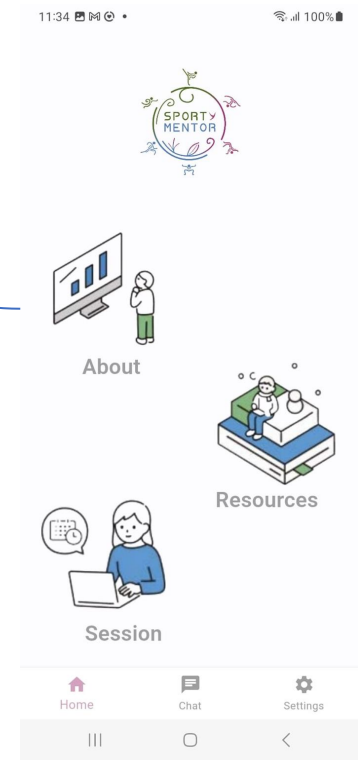

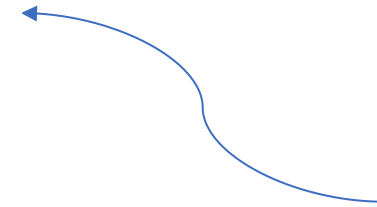

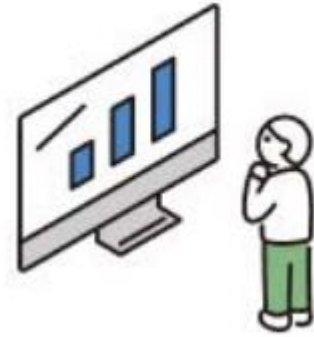

Chat

Coordinator's feature:

- Coordinator's feature: When a coordinator is logged in, they can view all the messages that a user has sent to all other users.
- For example, the coordinator can view all messages that a mentor has sent to all mentees they work with. If there is something with which the coordinator disagrees, they can review the messages of the mentee.

About

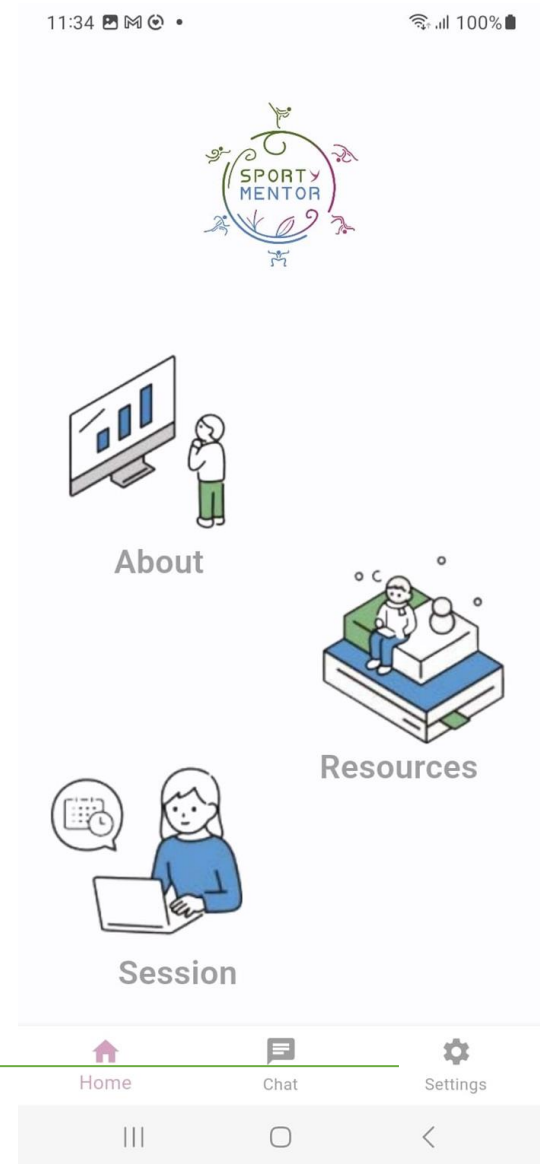

About

Two diferente pages:

- About Us
 - Brief information about the project.
 - Logos of each project partner with respective website links.
- Terms and Conditions
 - Content of the terms and conditions to .se the APP.

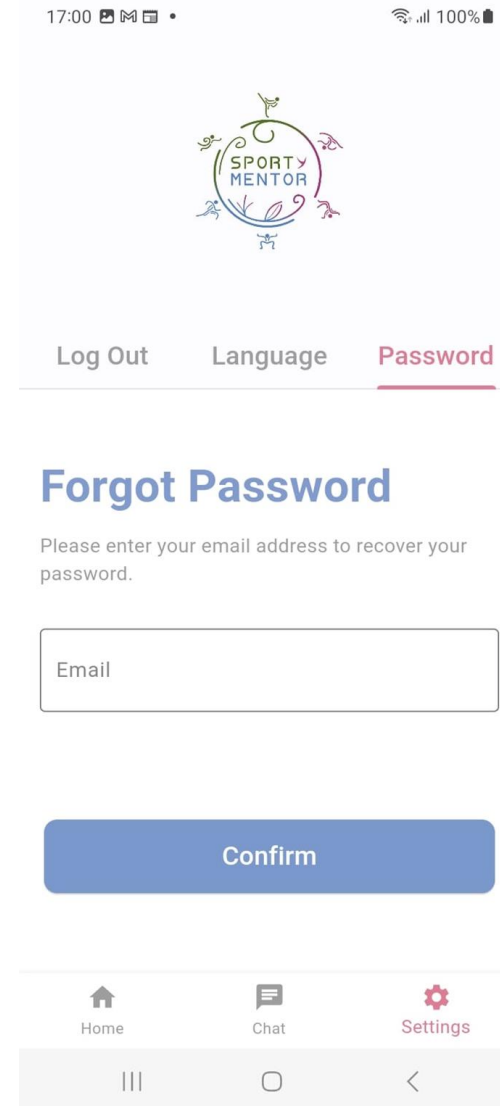

Settings

Settings

Allows three options:

- ✓ Log out of the app,
- ✓ Change the language,
- ✓ Password recovery.

Thank You!
